

## Ears To Our World Donation Form

Ears To Our World (ETOW) is a 501(c)(3) grass-roots, humanitarian organization that specializes in the distribution of **self-powered world band radios to schools and communities** in our developing world. More specifically, our mission is to enable children and their support networks in the most remote, impoverished parts of the world to receive educational programming, local and international news, emergency information and music through the use of radio receivers. We've now expanded our mission to include **disaster relief** and children who are **visually impaired**.
